MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

8 JUN 1964

SUBJECT: (U) Membership in USIB Committees

1. Reference is made to my memorandum of 26 February 1964 on the "Concept of DOD Participation in the Affairs of the USIB."
2. I have completed a survey of DOD membership in each of the USIB committees and have concluded that participation by the Military Departments should remain essentially as it is at present. In view of their general intelligence capabilities and operational responsibilities, I believe that the substantial benefits which accrue to the intelligence community as a whole warrant their continuing to qualify for participation on the various committees, subcommittees and working groups. If you agree, I therefore propose that these arrangements not be changed.
3. I believe it is necessary to clearly establish USIB approval for the delegation of essential authority to the Intelligence Chiefs of the Military Departments for the functions covered by DCID's 1/7 and 6/3. To this end it is recommended that these documents be revised as shown at Enclosures 1 and 2.
4. As to the other DCID's, I note a variety of phraseology used to denote the members of the intelligence community whose authority, responsibility and functions are derived from the USIB. Some of these phrases, such as "Intelligence Board departments and agencies", are obviously not intended to be interpreted in the literal sense. Of all the terms, I believe that "Departments and agencies represented on the USIB" is a more accurate description of the several organizations which are in various degrees responsive to the USIB. This term also acknowledges the new status of the Military Departments as being represented on the USIB by the Director, DIA, although they are not members of it. I propose, therefore, that appropriate DCID's be revised to substitute this phrase for all others used in this context. A partial listing of the various terminology in current use is at Enclosure 3. It is noted that these proposed changes may result in an inconsistency of language with one or more of the NSCID's. You may wish to consider appropriate amendments to the NSCID's in due course.
